What can you tell me about
this Handbook so that I
can return it to Mr. [REDACTED] 25X1A9a
some information?

It seems to have lifted the
examples from our 1955 HB.

It seems similar to their
earlier book.

How many people worked
on it for how long -

Maybe Hazel can find out
from Printing Services how many
were produced and a cost figure
worked up -- I wonder if Regs Staff
coordinated on it - or the OTR
training stuff in Ames. I'm
sure Virginia talked with you and Gerry
on it last year -
Where are the extra copies stored -
